

Special Dance in Memory of Ted Rotwitt

- Our club and Delaware Valley Federation have many reasons to be grateful for Ted Rotwitt; he was the driving force in our success.
- Square dancing was a significant part of Ted's life, and he was involved in square dancing as a dancer, caller, teacher, and educator.
- Over the years, he held positions in the Delaware Valley Callers Association, CallerLab, the Perky Promenaders, and the Federation (as President & Treasurer at the same time).
- Ted had a reason to grow square dancing – he wanted to make sure there was a steady supply of dancers so he could continue to dance.

How can we honor Ted's legacy?

We can continue his mission by recruiting dancers, promoting square dancing, and continuing to dance! That's what Ted would have wanted.

All dance fees collected will be used to fund a scholarship to reimburse new callers for their tuition to caller school.

We invite all dancers to join us to remember and celebrate Ted's legacy on:
